

Native Collagen Mask Pure

Skin Concerns

Dehydrated skin
Fine lines and wrinkles
Uneven skin tone
Irritated skin

Skin Need

Regeneration

The Benefits

Provides moisturization
Smooths lines and wrinkles
Harmonizes skin tone
Regenerates and soothes (reduced redness)

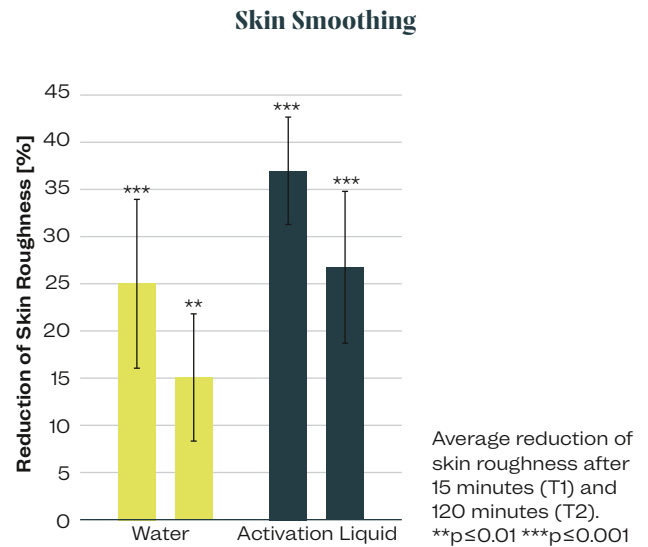

- After sun recovery
- After cosmetic procedures (recovery after microdermabrasion, microneedling, chemical peeling etc.)

Suitable for all skin types (including sensitive/irritated skin and skin with a tendency towards allergies)

Please scan for detailed product information such as application videos or modes of action

Intense hydration boost that boosts collagen synthesis, regenerates and soothes.

Composition

92% native collagen. Native collagen fibers form a three-dimensional network. The highly concentrated native collagen has a high water-binding capacity, ensuring a continuous supply of the active ingredients and an intensive moisture transfer to the skin. **Native collagen peptides** are recognized in the skin, act as signal for collagen stimulation and promote skin regeneration and repair. **Native collagen molecules** strengthen the skin's moisture-binding capacity, support the smoothing of wrinkles and balance the skin's surface for a healthy protection.

Inci

· Collagen · Hydrogenated Polyisobutene · PPG-15 Stearyl Ether · PEG-40 Sorbitan Peroleate · BHT

Scientific Data

+59% Increase in skin moisture (Corneometry, activated with Activation Liquid 17SF)¹

-38% Decrease in skin roughness (PRIMOS, activated with Activation Liquid 17SF)¹

-27% Reduction of redness (Chromometry, activated with water)²

Dermatologically tested

Clinically proven pH-value (Mask + Activation Liquid 17SF): 4,33

Color

White

Shelf Life

3 years in original, unopened packaging

Storage

Room temperature. Protect from dampness and direct sunlight exposure
