Vegan power from the ocean to protect & rejuvenate your skin everywhere you go.

Composition

Due to its **high percentage of active ingredients** this formulation is a powerful serum which presents itself in a new & easy to use spray format with clinically proven results. With its **powerful & vegan** Marine Science Complex this highly concentrated algae serum spray is designed to protect the skin from dehydration, premature aging and urban pollution. **Ulva Lactuca** (green algae) deeply moisturizes the skin and stimulates collagen synthesis. **Fucoidan algae-extract** (brown algae) & **Ectoin** calm the skin, reduce redness and signs of inflammation. Both ingredients work in synergy to increase skin brightness and reduce the intensity of age spots. Sea water further nourishes the skin with trace minerals and Acetylated Hyaluronate protects the skin from transepidermal water loss (TEWL).

Inci

· Aqua (Water) · Glycerin · Propanediol · Leuconostoc Radish Root Fermente Filtrate · Sea Water · Fucus Vesiculosus Extract · Hydrolyzed Ulva Lactuca Extract · Ectoin · Sodium Acetylated Hyaluronate · Lactic Acid · Dehydroxanthan Gum · Sodium Citrate

Scientific Data

+21% Immediate hydration after 20 min¹
+9% Long-term hydration after 28 days¹
-17% Wrinkle reduction after 28 days¹
-6% Skin pH value after 28 days¹

Appearance

Characteristic reddish brown color and salty-fresh scent of the active ingredients from the ocean

Content

50ml pump spray, no aerosol

Shelf Life

3 years in original, unopened packaging

Storage

Room temperature (5 – 25°C / 41 – 77°F). Protect from direct sunlight exposure.

Application

Shake well before use. Close eyes and spray directly onto cleansed face and neck or spray into palms of your hands and gently press into the skin until completely absorbed. For best results use 2x daily (morning & evening) and whenever the skin needs a quick recharge. Use 3 pumps for face and 3 pumps for neck and décolleté.

Not to be used for children under 3 years of age.
