

Hydration & Moisture

Activation Liquid 17SF

Boost hydration and firm skin with hyaluronic acid and LIFTONIN™-XPRESS.

The Activation Liquid 17SF combines long-chained Hyaluronic Acid and LIFTONIN™-XPRESS to instantly boost hydration, plump wrinkles, and firm the skin. This powerful formula hydrates the skin's surface moisture depots, improving skin elasticity and reducing the appearance of fine lines.

It balances the skin's pH, harmonizes skin tone, and supports a healthy skin microbiome. The plant-based, biotechnological LIFTONIN™-XPRESS provides an immediate tightening effect, visibly smoothing wrinkles and lifting the skin.

Professional- & Home Use

Skin Concerns

- Lack of moisture and dehydrated skin
- Lines and wrinkles
- Loss of firmness
- Uneven skin tone

The Benefits

- Provides immediate and long-lasting hydration, plumping, and skin tightening with native collagen.
- Lifts, firms, smooths wrinkles, and supports a healthy skin microbiome for rejuvenated skin.

Activation Liquid 17SF

Active Ingredients

Hyaluronic Acid (Long-Chained): Provides intensive moisture-boosting efficacy, replenishing skin moisture and creating a plumping effect.

LIFTONIN™-XPRESS: Derived from plants, this polymer matrix (including pullulan and red microalga) instantly tightens the skin, reducing lines and wrinkles for a smoother, firmer appearance.

Pullulan: A fermented starch-based ingredient that provides an immediate skin-tightening effect, improving the skin's firmness and elasticity.

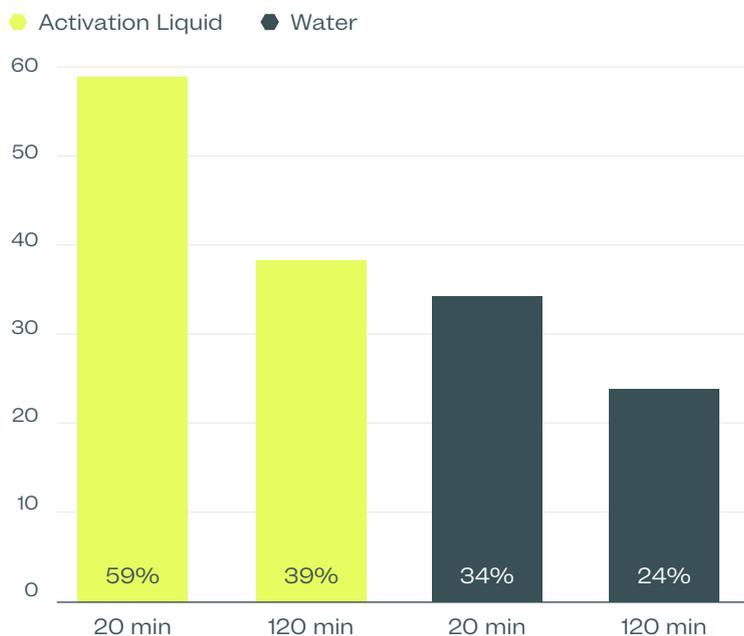

INCI

Aqua (Water) · Butylene Glycol · Glycerin · Sodium Lactate · Sodium Hyaluronate · Lactobacillus Ferment* · Allantoin · Saccharide Isomerate · Pullulan · Porphyridium Cruentum Extract · Hydroxypropyl Methylcellulose · Polyglyceryl-10 Laurate · 1,5-Pentanediol · Lactic Acid · Citric Acid · Sodium Citrate · Parfum (Fragrance) · Linalyl acetate

Our Efficacy is Scientifically Proven

Effectiveness is improved significantly with Activation Liquid 17SF

AVERAGE INCREASE IN SKIN MOISTURE [%]

*Lactobacillus Ferment is a natural preservative; not on the black list of the EU (KVO).

Dermatologically and ophthalmologically tested. Proven skin compatibility.

Key Facts

Color	Transparent
Shelf Life	500ml: 3 years (PAO: 6 months); Bulk container: 6 months (liquid to be transferred in one go)
Storage	Room temperature. Protect from dampness and direct sunlight exposure.

Scientific Data

Free of*: Mineral oils, silicones & colorants

Significant increase in skin moisture after one application

Immediate and lasting effect

Activation Liquid is proven superior to activation with water.
