

## Hydration & Moisture

# Native Collagen Mousse

Professional- &  
Home Use

**Hydrate, firm, and rejuvenate with native collagen and niacinamide for smoother, healthier skin.**

The Native Collagen Mousse contains soluble native collagen molecules that provide long-lasting hydration, smooth fine lines, and firm the skin. Niacinamide strengthens the skin barrier, reduces transepidermal water loss (TEWL), and protects from oxidative stress.

It helps regenerate the skin, reduce hyperpigmentation, and soothe irritated or red skin, leaving the skin visibly plumped, firmed, and more radiant.

### Skin Concerns

- Decrease of skin barrier function
- Fine lines and wrinkles
- Dehydrated, dry skin
- Dark spots
- Red, irritated and damaged skin

### The Benefits

- Provides immediate and long-lasting hydration with native collagen molecules.
- Strengthens the skin barrier and protects from oxidative stress with niacinamide.

# Native Collagen Mousse

## Active Ingredients

**Soluble Native Collagen Molecules:** Enhance moisture retention and improve skin firmness.

**Niacinamide (Vitamin B3):** Promotes skin regeneration, strengthens the skin barrier, reduces transepidermal water loss (TEWL), and inhibits melanosome transfer. In addition, Niacinamide protects skin from oxidative stress and protein damage.

Studies have shown that niacinamide prevents pigments from surfacing on the skin, by inhibiting melanosomes transfer.<sup>3</sup> Furthermore, it has been described to reduce hyperpigmentation and light induced redness.<sup>3</sup>

## INCI

Aqua (Water) · Glycerin · Squalane · Vitis Vinifera (Grape) Seed Oil · Carbon Dioxide · Niacinamide · Tocopheryl Acetate · Sodium Lactate · Soluble Collagen · Leuconostoc / Radish Root Ferment Filtrate · Monosodium Citrate · Myristyl Glucoside · Sodium Levulinate · P-Anisic Acid · Sodium Hydroxide · Acacia · Senegal Gum · Xanthan Gum · Lauryl Glucoside · Polyglyceryl-6 Laurate · Lactic Acid

## Scientific Data

Clinical Data on soluble native collagen molecules have shown the following effect\*:

- 26%** Reduction of lines and wrinkles after 4 weeks<sup>1</sup>
- 21%** Decrease of wrinkle depth<sup>1</sup>
- +26%** Increase in skin elasticity after 4 weeks<sup>1</sup>
- +19%** Increase of hydration after 4 weeks<sup>1</sup>

Clinical and Scientific Data on Niacinamide have shown the following effects:

- 27%** Reduction of Transepidermal Waterloss (TEWL) after 4 weeks<sup>2</sup>
- 68%** Inhibition of melanosomes transfer after 7 days<sup>3</sup>

Warning: Pressurised container - May burst if heated. Keep out of reach of children. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Do not pierce or burn, even after use. Protect from sunlight. Do not expose to temperatures exceeding 50° C / 122° F. Store at room temperature (below 25° C / 77° F). Not to be used for children under 3 years of age.

V01/2023, 89094-001

**Dermatologically and ophthalmologically tested**

For all skin types

Does not need PPG/PEG/BHT

## Key Facts

**Appearance** Unique and modern application format, sensorial and playful mousse texture and high-quality active ingredients: Native Collagen and Niacinamide

**pH** 4.4-4.9

**Content** 30ml, Mousse, Aerosol

**Shelf Life** 3 years in original, unopened packaging

## Storage

Store at room temperature below 25°C (77°F). Do not expose to temperatures exceeding 50 °C (122 °F).

Keep away from heat, direct sunlight, hot surfaces, sparks, open flames and other ignition sources.

## Application

Shake well before use. Spray hazelnut sized amount into hands and apply to your face. Use same amount for neck and décolleté. Allow serum mousse to soak into skin and gently massage until completely absorbed. Always hold can upright while usage.
