

Hydration & Moisture

Native Collagen Spray Pure

Professional- &
Home Use

Hydrate, soothe, and smooth your skin with the power of native collagen and panthenol.

The Native Collagen Spray Pure contains soluble native collagen molecules that improve moisture retention, smooth fine lines, and promote skin firmness. This spray deeply hydrates and strengthens the skin's barrier while relieving irritation and itchiness. It's especially suitable after intensive treatments like microdermabrasion, microneedling, or chemical peels.

The formula balances the skin's pH and helps reduce transepidermal water loss (TEWL), leaving the skin calm, smooth, and deeply hydrated.

Without fragrance.

Skin Concerns

- Lines and wrinkles
- Dry, rough skin
- Skin irritations
- Itchiness
- Sensitive skin

The Benefits

- Smooths fine lines and improves skin's firmness with native collagen.
- Relieves irritation and itchiness while enhancing hydration and skin barrier strength.

Native Collagen Spray Pure

Active Ingredients

Soluble Native Collagen Molecules: improve skin's moisture-binding capacity, replenish moisture depots, promote skin firmness and smooth lines and wrinkles.

Natural Moisturizing Factors (NMFs): Provide water retention and maintain the skin's integrity.

Panthenol: Softens and soothes the skin, reducing irritation.

pH-value (3.6-3.9): Helps balance and support the skin's natural pH levels.

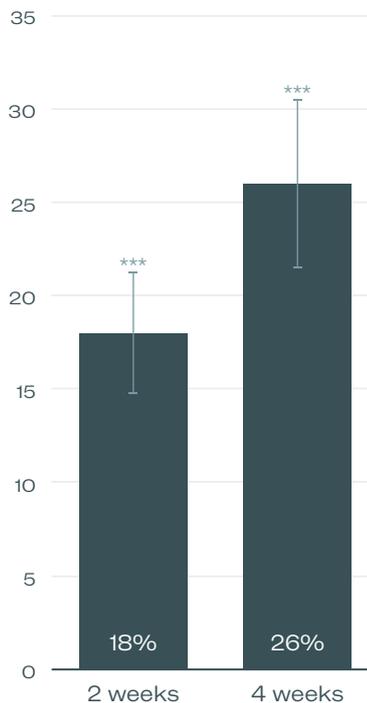

INCI

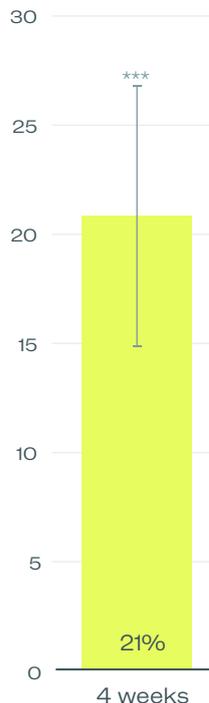

Aqua · Butylene Glycol · Glycerin · Leuconostoc/Radish Root Ferment Filtrate · Panthenol · Soluble Collagen · Saccharide Isomerate · PCA · Citric Acid · Sodium Citrate · Monosodium Citrate · 1,5-Pentanediol
